

Honorable Robt E. Gopher

Sir,

I don't know if I'm reading
this agreement right or not.
In Oct. I'll be 64 yrs. old and
I live on my husband's pension
as a survivor as he died in
2007 & left me a partial pension.

What I'm concerned about is
my dental & vision, my glasses
are tri-focals & I have to get
new ones everytime B.M. allowed
me to. I take B.M. frames & everything
else because I can't afford any-
thing else. I don't understand
what I will be losing or paying
for, I can't afford really to pay
for anything my husband worked
30 yrs. at Fisher Guide, then 5 yrs.
at Parma & died from cancer from
the foam line. He worked on,
please explain in a letter to me
exactly what my loss will be >

Lee, I take 12 different
pills a day - I'll never
be able to pay more, as
it's hard now with just
\$5.00 Co-pay.

Please respond.

My husband John Rowe Sr.
retired in I think 6/93
but I'm not sure about
the year.

Sincerely

Constance F. Rowe
